Legal Changes in Florida taking effect January 2025!

Court revises additional rules in its ongoing efforts to streamline civil case management.

The Florida Supreme Court has made further amendments to civil procedure rules as part of ongoing efforts to improve civil case management and efficiency within the state's legal system. Key changes include tighter deadlines for filing motions, increased oversight on discovery processes, and more stringent requirements for case management orders. The court's initiative, designed to mitigate backlogs and enhance the overall efficiency of civil litigation, aligns with Florida's broader efforts to modernize its legal framework in response to growing caseloads.

Commitment to Excellence in 2025

Our team is excited about the opportunities and challenges the upcoming year presents. As always, we remain committed to achieving the best results for our clients while navigating the evolving legal landscape. If you or someone you know is facing a personal injury case, please don't hesitate to reach out for a consultation.

Here's to a prosperous and successful 2025 for everyone!

Hurricane Helene: A Somber Reminder of Preparedness

In late September 2024, Hurricane Helene made a devastating impact on Florida, making landfall in the Big Bend region near Perry as a powerful Category 4 storm. With sustained winds reaching 140 mph, it ranked among the most intense hurricanes to strike the state in recent history. The storm caused significant damage across several states, with widespread flooding, storm surges up to 15 feet in coastal areas, and catastrophic wind damage that uprooted trees, downed power lines, and damaged buildings.

Tragically, hundreds of lives were lost due to the extreme weather conditions and flooding, and countless families are now facing the difficult task of rebuilding their homes and lives.

We extend our heartfelt condolences to all those affected by this disaster. The resilience of the communities impacted by Hurricane Helene will undoubtedly be tested, but their strength and support from recovery efforts will guide them through the road ahead.

Client Review

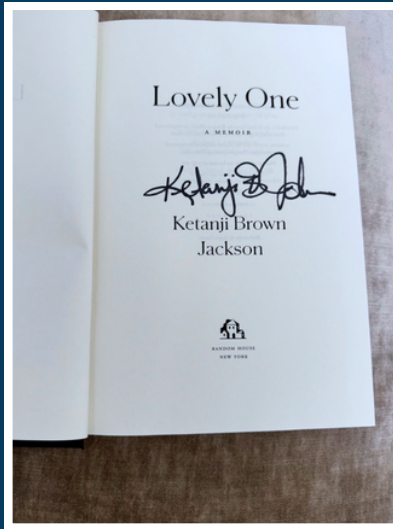

We love hearing from our clients! Here's a story from one who found hope and achieved success with the help of our team.

“Nerina is an excellent attorney. I’d highly recommend her based on her professional and expertise. She takes the time to explain everything from beginning to end, ensuring you understand fully. In a profession where so many people are unethical it felt comforting to know she is not. Thank you Nerina!” --K.G.
